Trusted Care

Home is more than a place. It's the people we share it with. It's a feeling of security and comfort. It's our retreat from the stresses and pressures of the world. So naturally, when we are recovering from an illness, injury, surgery, or coping with a new disability, home is where we'd like to be.

We recognize the important role home plays in health, which is why we are dedicated to helping you and your loved ones heal at home. Our team of highly-skilled health professionals are chosen for their compassion and commitment to care, undergoing rigorous background checks to ensure that only the most dependable and trustworthy staff serve you. Together we work with you, your physician, and family to help make the transition from hospital or facility to home a smooth one.

We are an independent, locally-owned home health care agency dedicated to the communities and residents of northeast Pennsylvania, currently treating patients in Monroe, Northampton, Pike, and Wayne counties.

Call us to discuss qualifications and payment options.
We'll be happy to help!

Heart of Gold
HOME CARE

Our Team

Heart of Gold Home Health has a qualified and experienced clinical and administrative staff. The owners have extensive and varied health care experience, including operating a highly successful non-medical home care agency for over ten years. The clinical team has diverse experience including acute care, rehabilitation, and managing home health agencies. Our clinical director is also a leader in health care compliance. Our nurses and aides are skilled and compassionate, providing quality services to our patients.

We strive to provide exceptional services through excellent communication and respect. Let us be your home care provider and experience the difference a Heart of Gold can make.

Heart of Gold Home Health does not discriminate against any person on the basis of race, color, national origin, disability, age, or sexual orientation in admission, treatment, or participation in its programs, services, activities, or in employment.

HEART OF GOLD HOME HEALTH

Why Choose Home Health Care?

Home health care helps prevent re-hospitalization, postpones institutionalization, and reduces the need for urgent care.

Home health care is one-on-one care tailored to your specific needs.

Home health care is care designed around your schedule, in the comfort and privacy of your home.

Home health care costs less then hospital or facility care. Medicare pays 100% for qualified patients.

Home health care reduces stress for patients and caregivers, while allowing patients to heal at home with their families and loved ones.

Home health care helps promote safety through fall prevention programs, rehabilitation, and limiting exposure to illnesses such as the flu that might present an obstacle to a recovering patient's health.

We provide: Skilled Nursing, Physical Therapy, Occupational Therapy and Home Health Aides.

Our team of healthcare professionals brings these services home to you.
